

ENVIRONMENTAL POLICY

Associated Reclaimed Oils Limited is a waste management company operating to bulk up/treat waste oils and other associated wastes. Associated Reclaimed Oils Limited is committed to the care of the environment and the prevention of pollution while carrying out its waste management activities.

Associated Reclaimed Oils Limited operates processes in accordance with the Environmental Permitting (England and Wales) Regulations 2010 (the EP Regulations).

Associated Reclaimed Oils Limited seeks to minimise its impact on the environment through the implementation of an Environmental Management System that fulfils the requirements of ISO 14001:2004. Associated Reclaimed Oils Limited, through the implementation of its Environmental Management System will:

- **Comply with all relevant legal requirements;**
- **Prevent pollution wherever possible; and**
- **Seek to continually improve its environmental performance.**

An essential feature of the environmental management system is a commitment to improving environmental performance. This is achieved by setting environmental objectives and targets which are regularly monitored and reviewed. The objectives and targets are publicised throughout the organisation and all staff are committed to their achievement.

This policy will be communicated to all members of staff and to any third party that requests it.
